1. [REDACTED] LEGISLATION Received a call from George Gilbert, OMB, who notified me that the Agency's representatives on the Law of the Sea Task Force had been provided a copy of the planned October 29 testimony of an Administration witness on the subject of deep sea bed mining. Gilbert asked that I contact the CIA representatives and report to Gilbert if we have any comments on the proposed testimony.

Subsequently, I called [REDACTED], and one of his assistants told me they would notify me if there was any problem with the proposed testimony.

2. [REDACTED] LEGISLATION Called Clark McFadden, Counsel to the Senate Armed Services Committee, and relayed to him figures provided me by [REDACTED] OMS, on the breakdown of Federal doctors by organization. I had earlier offered these figures to McFadden in connection with the Agency's attempt to include our medical staff within the scope of S. 1395, which would eliminate the personal liability of armed services physicians from malpractice suits. McFadden still had no prognosis on our chances for success.

3. [REDACTED] LEGISLATION Called J. C. Argetsinger, on the staff of the Subcommittee on Criminal Laws and Procedures, Senate Judiciary Committee. Argetsinger agreed to provide me a copy of the national security sections of S. 1, as reported by the Subcommittee. I arranged to have the copy picked up tomorrow.
